AIR UNIVERSITY LANGUAGE, REGIONAL EXPERTISE & CULTURE SYMPOSIUM

MARCH 29 - 30, 2017 | MAXWELL AIR FORCE BASE

COALITION AT THE CORE

Today's military places great significance in having cultural knowledge and communication proficiency lie not only with its formally educated professionals, but with each service member. The new Air Force Chief of Staff, General David L. Goldfein, is at the forefront of integrating such critical competencies at each level within the AF rank structure, stating that being "Coalition at the Core" drives our military's success in joint environments with international partners.

The Air Force Culture and Language Center and the DLIFLC Language Training Detachment at Maxwell AFB invite you to take part in this unique opportunity to network with some of the field's leading experts and discuss issues such as:

- The role of religion in conflict and reconciliation
- International military perspectives on US approaches
- Cross-cultural engagement and language immersion
